WOW! We could not thank Paul enough for everything he did. We live some distance from The Norfolk Mead but Paul was always on hand and really quick to answer those last minute questions settling our nerves. Paul had everything in hand from day one, making us feel relaxed the whole time. If you are reading this review I would imagine you are looking for a DJ? well for what its worth - stop looking as you have found him. Exceptional service and everyone loved him. Paul played music that kept the dance-floor full and he even got my favourite photo of the night. When needed he stepped up to help organise our sparkler exit grabbing the best photos, above and beyond what we expected. Paul even sent us the next day a video of the photos he had taken with a favourite song choice of ours, Becca was in floods of happy tears. Paul just has that great personal touch which just blew us away. Anyway enough rambling now but if you need a DJ please please work with Paul you will not be disappointed trust me.

Just wanted to quickly message to send my most heartfelt thank you for our incredible evening yesterday! We truly had the best time and everything you did for us was perfect, we couldn't have asked for more! We know our evening ended earlier than anticipated but no matter how meticulous I was with my wedding planning, no one could have prepared us for how overwhelming we would find the evening (especially being around so many people for the first time in 18 months!) so we decided to leave on a high before it all got too much for us and you helped to make our exit perfect for us. As soon as we share our news on social media and get our photos etc back, I'll be sure to tag you in everything I can and I truly can't recommend you highly enough. Thank you again and I hope I'll see you at more amazing weddings in the future!

We booked Paul for our wedding and from start to finish he was just brilliant. Paul called us for an initial chat which was really helpful and allowed us to be sure on our decision. Paul then came to ours for our music choices - it was something we really hadn't thought a lot about but that conversation made everything come together. He instantly got the music we were into and picked up on genres/songs we didn't realise we wanted. On the night it was just fabulous! My husband's family are Greek and I asked Paul to play some of their music too which he did and knew exactly where to slot it into the night. Our friends and us had a great night and the music really topped it off. Would highly recommend Paul for your next event!

Good morning Paul! Well what a weekend!!!! Where do we start....thank you so very much just doesn't seem to cover it! From when we initially met last year, both Steven and I knew that you would help to make our wedding truly as perfect as it was. From the moment I arrived, you helped calm my nerves and reassured me. Then as soon as the music started to play, that's when your sheer talent and attention to detail kicked into place! Your timings were spot on and your Master Of Ceremony duties were just perfect in every way.

Every single track that you played had everyone on the dancefloor and both Steven and I didn't want the evening to end! You understood your audience and this was obvious in the reaction from our guests. One guest wrote on Facebook #wedding#boathouse #oceanroomsmusic #fantastictime....I don't think we could have done better if we had tried!!! But you didn't have to try as you are just a natural!!! A million thank yous again and when we get some more pictures from James, I will email these over to you. We will continue to recommend your services to all of our friends and family as we couldn't think of a better, more friendlier and professional DJ as you.

Our very best wishes

Hugely grateful to Paul for making our wedding party just fabulous! We all had the most fantastic evening, even with covid restrictions in place. Right from the start he took time to get to know us, our music tastes (which were quite different) together we created an amazing playlist that had guests up and dancing all night long, he certainly knows his music and how to keep the party going! - we just didn't want it to end. He's full of energy, charisma and created a great party atmosphere. Would highly recommend him for a truly personalised wedding party experience.

Thank you so much for helping us have the perfect evening!

Paul honestly went above and beyond to make sure that we had everyone up on the dancefloor and it definitely worked! People had an amazing time and I had so many people say he was the best DJ they had ever experienced and would definitely love to book him themselves. If we could give a 100 stars we definitely would. Paul was superb from start to finish.

My wife and I got married March 2020. From the very beginning after researching numerous bands and DJs, Paul stood out from the offset. His Enthusiasm, attention to detail, and level of care to want to deliver our special day, captured us both and we couldn't wait to have him DJ at our wedding. Through very testing times, and numerous challenges, Paul was always at the end of a phone call and very responsive to any emails sent. He did what can only be described as a fantastic job, and we both Highly HIGHLY recommend him.

I would definitely recommend Paul! The care he takes to make sure your songs are just right is so lovely. Little extras like involving family in dedicated songs was a special touch. I was so worried that the dance floor would be empty in the evening but I really had nothing to worry about! people were dancing the entire time and before I knew it, it was midnight and all over! wish I could do it all again.. and if I did I'd hire Paul again too

😊 thank you!

What an entertainer this guy is! Paul played at our wedding on 31.08.19 and he was outstanding. Even leading up to the big day, nothing was too much trouble. Paul came to our house on two separate occasions to go through our ideal playlist. Help us compile a list of absolutely must play tracks and those all important “do not play under any circumstances” tracks haha (however I must admit I did end up overriding the no Abba rule towards the end of the night following constant requests!). His musical knowledge is brilliant and he really knows how to read a room to keep the party going. The last hour of our wedding was insane. Everything from So Solid Crew & Eminem to Sweet Caroline & Abba. Bottom line is - if you need a DJ for your wedding, book Paul ASAP. You will not be disappointed.

Thanks again Paul

As we sit by Lake Como on our mini moon reminiscing on our perfect wedding day in August, we know it wouldn't have been so perfect if it wasn't for DJ Paul Allen. We cannot speak highly enough of this amazing, professional, on point, beacon of knowledge DJ. We got to see Paul in action at our friends wedding and knew we needed to look no further. When anyone talks about our wedding, Paul Allen always comes up in conversation for bringing a non stop amazing uplifting vibe to the day. We cannot thank you enough Paul for all your hard work and the personal touches throughout the day. Without any hesitation the only DJ needed for your wedding is Paul.

Simply the best wedding DJ!!! We booked Paul for our wedding on July 27th and we cannot recommend him enough (5 stars)! Start to finish, Paul was professional, well organised and full of positivity. With many years of experience in the industry, we knew straight away that we were in excellent hands for our evening party. Paul was simply fantastic! There was regular contact in the build up to our wedding and useful advice on music choices- even our guests were excited to meet DJ Paul! Ourselves, and guests, absolutely loved the 'Mr and Mrs' game - a great addition to the event. Paul also went out of his way to help our Best Men with microphone queries for the speeches and adapted effectively to a slight delay in the timings of our day. Overall, we had such an amazing night and we are really glad we booked Paul! Thank you so much, we hope to meet you again in the future! Best wishes, from Mr and Mrs Williams.

What an amazing night. Paul did an absolutely brilliant job. We had a very international and mixed guest list for our wedding party. Guest from the Netherlands, England and Thailand were all to be catered for.

Paul really managed to play a very broad playlist including personal favourites amongst German, Dutch, English and Thai classics. Paul did a great job keeping everyone entertained and dancing all night. We had a brilliant time. Our guest loved it. Paul was also very easy to get on with and when we first met, it was clear that he knew how to structure the night. He put together a fantastic playlist and had room for request on the night. Brilliant entertainment throughout the night and we can highly recommend Paul. He really made our evening a night to remember.

Thanks Paul.

Every aspect of Paul's service was absolutely brilliant. He made our wedding planning and day itself incredibly easy and most importantly, a lot of fun! Paul understood exactly what we wanted during both day and evening and ensured everything went smoothly. The party started early and didn't stop until the very end - there have been so many positive comments from our guests about how good the night was. I would also highly recommend asking him to be your host for the day as well as DJ, it was very helpful to have him around (particularly during the speeches). There really isn't a better person out there for wedding services. Get in touch with Paul and book him now if he's available...

if he's not, consider changing your date!

We initially found DJ Paul Allen wedding services online and later met him at a wedding show a few months before our wedding in September this year. We instantly got along so well due to his genuine, friendly and lovely personality. He told us some stories from previous weddings and you could just tell how passionate he was about what he does and how much he cares about getting your party how you want it. Before our big day, he helped us so much including coming over to our home to talk about songs, lighting as well as the walking on clouds we had throughout our first dance which Paul supplied for us (which was amazing!!). He was available whenever we needed him and even helped me put together a projector file of my hen do to be shown in my embarrassment of my hen do antics at the wedding reception! We also done the Mr and Mrs game which Paul organised and it was a brilliant addition to our evening! Nothing was any bother to him to help us with and he done it all with a can do attitude at all times! Paul, you were amazing and we would recommend you time and time again! Thank you for all of your help and playing all our favourite songs, us and our guests had the best celebration ever!

Right from the minute we booked Paul he was amazing and his service was so client centered from the minute we first spoke. He came to visit us in our own home and made us feel relaxed about our wedding day. Nothing was too much of a hassle for Paul, he was happy to do almost anything we asked and made sure our special day was just how we wanted it ... he did not even mind when we chose our first dance song 2 days before our wedding day! I would highly recommend Paul to anyone who is getting married, he clearly loves what he does and will go out of his way to make sure your day is special. We cannot thank you enough for your service and personal touches. We could not imagine having anyone else to DJ at our wedding you truly were amazing and everyone danced all night

Curtis and I would like to say a massive thank you to you. We only looked at one entertainer and it was you! We really didn't feel like we needed to look anywhere else after meeting you. You gave off such good party vibes, passion and enthusiasm and it was easy to see how experienced you are! And my gosh! You didn't disappoint! Us and the whole wedding party loved the whole night which you could see with all the dancing! Not only your music choices, but also your crowd participation. We expected a top class DJ but got so much more! Thank you for all of the extra you did for us (the amazing video and photos) and the thoughtful card you sent us!

Take care,

Love from Mr and Mrs Jackson xxx

If you are looking for a DJ for an event/party etc and unsure who to go for, then look no further. Paul is definitely your man.

Paul provided the music for our Wedding Party this month and he did an amazing job. He created a great atmosphere, announced various bits throughout the night as they were happening, made our first dance really special and to top it off he took some gorgeous photos of me and my husband and guests. He tailored the night around us and really listened to what we did and didn't want and only played the music we wanted to hear on the night. Everyone had such a great time.

Paul is such a lovely guy and was very professional throughout. He showed attention to detail when helping us to plan our night. Even after our wedding party he sent us a beautiful congratulations card in the post which was so lovely of him.

Thanks for an awesome night, I can't recommend Paul enough.

Paul, massive heartfelt THANK YOU for all of the really hard work you put in to our wedding day yesterday. You totally have the perfect mix of friendliness, professionalism and dedication. You clearly love your job and are utterly brilliant at it too. From first meeting, to the emails, phone calls, to the run up and everything on the day. Super impressive! Loved all the music you played but especially the tunes towards the end of the night. Haven't danced so much in years!! If you are looking for a DJ and a wedding host then you won't regret booking Paul Allen. Thanks again Paul, very best wishes

Paul was absolutely amazing from start to finish. After placing a website enquiry, we met up with him in a pub (always a good sign) and had a really good chat about what we were after and what Paul offered. This was before Paul even knew he was going to get the booking. Before the wedding, Paul came to our home to meet up with us, finalise everything and get a feel for us and what sort of music and atmosphere we were after. He is a genuinely lovely guy and worked seamlessly with our other suppliers, including (but not limited to) our live band and our toastmaster. He was happy and bubbly throughout the day (not always easy when surrounded by increasingly drunk people! On the day, Paul stayed with us all day, (from 3pm) even though he was only meant to be with us from 6.30pm. Not only would we recommend Paul to anyone looking for a DJ, we would personally ensure he was available before setting a date for any future event. We even had a congratulations card from him waiting for us when we got back from honeymoon!

Dear Paul, The last of our guests have gone and the wedding has been deconstructed and packed away – mostly! So I have time to write and say ‘thank you’ for the fabulous job you did for us at Lou’ and Andrew’s wedding. It was everything we wanted it to be – fun and with our guests filling the dancefloor all night! You were so good at gauging what was needed for such a mixed group and we have received so many lovely comments on your behalf. It must have been a long day for you – we really appreciate you arriving at such an early hour. I hope you were fed and watered adequately – I didn’t always remember to check I’m afraid. So thanks again for such friendly, efficient and helpful service and especially for a great party.

With very best wishes Kathy

Paul was really helpful leading upto the wedding, not only dealing with our wide ranging music requests but offering help and advice on all aspects of the evening from the first dance to cake cutting. The setup on the day looked lovely and he adjusted quickly to us being an hour late coming into the barn to start the first dance and disco. He was always really fun taking requests and giving ‘shout outs’ to people. Paul has become a legend amongst our guests when they recount their wedding tales, can’t recommend him enough.

From start to finish Paul was so brilliant. He was supportive and nothing was too much trouble. As we live in London he let us ring him and had several chats with us in the weeks leading up to the wedding to make sure we were happy. On the day he couldn’t have been better - even playing my baby cousins favourite song and dedicating it to her.

I would like to say a HUGE thank you for your contribution to our special day. Everything went more smoothly than we could have possibly imagined. Thanks to your efforts, pre day communications and guidance. I don’t think there was a single moment from the start of your set to the final dance where the dancefloor wasn’t crammed with people. I would not hesitate to recommend this fabulous service to not only those planning a wedding, but also anyone looking for a DJ that offers more than just a standard music playing service. From the new Mr & Mrs Foster I would like to once again Thank You for helping to make our evening such great fun and still talked about event!!

The service is beyond excellent!
You’ve been an absolute pleasure to deal with from the very beginning. From meeting us at the venue and discussing our choices and music tastes to taking the time to phone us a few weeks before the Big Day to ensure all our special choices were noted. You’ve made the whole process as easy as possible and made us feel like this was more than just another job.
Your suggestions of how to make the day that bit more personal to us – from the coloured uplighters to the video screen and picture slideshows – really set this apart from “just a disco” And all our guests commented on how great you were.
Thank you so much for all your hard work!

Where to start, Paul Allen was just amazing!! Our wedding venue recommended Paul to us and I'm so glad they did. After sending Paul a message he called me right away to give me more details on his work and wow does he take his job seriously! Anything he could do to make our reception run as smoothly as possible he would do! He came over to our home a couple of time to ask questions and to make sure the music he was playing was perfect from the first to the last song! highly highly recommended!!

Paul went above and beyond with our wedding. He was there every step of the way in the planning process and demonstrated his knowledge and experience through the incredible advice he offered. On the day, he was amazing. He supported us both throughout the day. He got completely on board when my husband planned an impromptu surprise for me on the night of the wedding and it ran so smoothly it could have been planned for months! He was a brilliant host and DJ. The dance floor was never empty.

We met with Paul twice to discuss our likes and dislikes, he suggested some brilliant songs! Paul's aim the whole time was to keep our wedding party on the dancefloor and he achieved just that! The whole night was fantastic and he even popped in a game of Mr and Mrs which everyone loved! We came home the next morning to receive our first letter in the post addressed Mr and Mrs Ayre, from Paul! Such a lovely touch! Cant thank him enough - amazing from start to finish!

Paul was fantastic, he went through the day beforehand and helped us conduct a list of does and don'ts that went down perfectly on the day. Paul Allen was such a great DJ, he listened to everything we briefed him regarding our choices of music and our requirements. We had lots of meetings with him beforehand to go through all elements of our day, on the day everything was done to a very high standard. With the lighting and DJ booth looking very professional, with a little bonus was he took photos which he published and emailed us them. All of the set was recorded as well, which we didn't realise so now we can listen back to it.

If you are getting married in Norfolk booking Paul as your DJ is a must! He will get the party started!! From the moment we booked with Paul we immediately had trust he would give us the best wedding party. -from creating party moments from, first/second dance, to doing the conga and having shout out songs was great. - Paul has so much experience to cater for everyone at our wedding from 60s to current songs. - Paul is an actual DJ he is not just someone who "presses a button on an iPod"
